Community Education + Workforce Development

MAY-SEP 2023

northampton.edu/community-education

Does the summer breeze make you feel fine?

Enroll in a Golf I class or take a birding field trip at Trexler Nature Preserve. Get a lovin' spoonful of summer in the city of South Bethlehem taking a cooking class at the Fowler Center's famous kitchen. Enroll your kids or grandkids in a Horizons For Youth class. Avoid any summertime sadness, because all summer long NCC has summer fun for you!"

How to find a room number and instructor:

Search your class/section online, click on it and then click on the box for the full schedule.

TF

Classes designated as **'TF'** are Teen Friendly and open to students **14 years of age and older**. Otherwise, classes are open to students 18 years of age and older.

Follow these easy instructions to register:

1. Visit northampton.edu/lifelearn
2. Search for the course you interested in and click "Sections," then "Register Me" or "Register Others" and follow directions.
3. Click "Create a NEW! Customer Account" and complete requested information or "LogIn" and update your profile under "My Account" if you're a returning student.

Having trouble finding the right course or reaching the correct department? Call 1-877-543-0998 for assistance.

HELP! WHICH DAYS DO I HAVE CLASS?

Below the class description, you will see initials for days when class is held.

TRAINING-TO-CAREER PROGRAMS

Pathways to Manufacturing

Manufacturing offers high salaries, great benefits and interesting careers in a high-tech field! Obtain the skills you need to start a new career in one of top 50 manufacturing regions in the nation! **Pathways to Manufacturing** is a **FREE** hands-on program that explores the many career pathways available in modern manufacturing and trains you on the skills you need to get started! The 8-week, grant-funded program includes:

- hands-on and classroom instruction
- tours of local manufacturing facilities
- opportunities to meet Employers face-to-face

You'll earn OSHA-10 certification and learn about Lean Manufacturing, Production, Quality, Measurement Devices, Blueprint Reading & more!

For more info or to sign up for an information session:

Phone: Tari Carnahan, 610.861.5377

Web: <https://www.northampton.edu/pathways-to-manufacturing.htm>

This program is funded by a grant from the PA Department of Community and Economic Development.

Foundations of Industrial Maintenance

Are you looking for a new career in a growing field? Are you a fix-it person? Our FREE 10 Week Industrial Maintenance Program offers foundational training in Mechanical and Electrical Maintenance, Measuring Tools, an intro to Pneumatics, Hydraulics, PLCs and more. The course is grant-funded and FREE to eligible participants. It is designed to prepare you for an entry-level position or apprenticeship in this high-paying field. To qualify for the program, attendance is required at one of our information sessions.

For more information or to enroll in an information session contact:

Phone: Jen Miers, 610.332.6317

Web: <https://www.northampton.edu/industrial-maintenance.htm>

This program is funded by a grant from the PA Department of Community and Economic Development

COMMUNITY EDUCATION

Arts/Crafts/Photography

ARTS

TF Pastels

Explore different ways for using pastels as we work with this medium of drawing. Some drawing skill helpful, but not necessary. Material list provided at first class.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(2)	04/28-05/19	----F-	4-6PM	MAIN

Course ART271 **Fee \$99**

TF Cartooning and Anime

Why should kids have all the fun? Learn to cartoon using simple shapes and your imagination. Instructor Cotty Kilbanks has worked professionally in the cartooning and animation field for such renowned studios as Warner Bros., Disney and Nickelodeon. She will introduce you to a variety of cartooning styles, including anime. No prior drawing experience is required. All skill levels welcome. Check website for materials list needed.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(2)	05/08-05/22	-M----	5-7PM	MAIN

Course ART275 **Fee \$79**

TF Pen & Ink with Watercolor

Learn basic drawing techniques using pen and ink, creating a variety of textures through the use of stippling, cross hatching and line work as well as applying basic watercolor techniques. Some drawing and watercolor painting experience is helpful. Perfect for creating notecards for any occasion. Instructor supplies materials on first day.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(8)	07/10-08/14	-M----	6:30-8:30PM	MAIN

Course ART185 **Fee \$149**

Jewelry Arts: Stacked Argentium Rings - Try Me

Get a bit more acquainted with our Jewelry Arts program - using Argentium Sterling silver - and leave this workshop with a handcrafted set of up to five (5) Argentium Sterling stacked rings. Learn and practice cutting, fusing, forming, sizing and texturing. **NOTE:** We will be fusing instead of soldering to join the metal. Take away the knowledge and skills to create more of these very popular rings outside of class.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(3)	07/26-08/02	---W---	6:30-9PM	SBTH

Course ART262 **Fee \$85**

Pottery

Perfect for the beginner or those with some experience. Covers slab & coil hand-building methods and sculptural techniques to create vases and planters. Learn wheel throwing methods to create stoneware bowls & cups. All materials included. Wear old clothes/bring apron.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(7)	06/16-07/21	----F-	6-9PM	MAIN

Course ART208 **Fee \$219**

Center for College and Career Readiness

Offering a full array of services in adult education including:

- Adult Basic Education (ABE)
- English as a Second Language (ESL)
- GED (General Educational Development) Test Preparation
- English Language with Civics Education

For Northampton County class information, call (610) 332-8650 or email northamptoninfo@northampton.edu.

For Monroe County class information, call 570-369-1883.

Part-time adult educators needed in the areas of English as a Second Language and GED®. Morning, afternoon, and evening openings. Bachelor Degree required. For more information, please contact Mayra Perez at 610.861.5389 for Northampton and Lehigh County openings. For Monroe, Pike, and Wayne openings, please contact Alicia MacKenzie at 570.369.1883.

VOLUNTEER TUTOR OPPORTUNITIES

Become a volunteer tutor in an ABE, GED, or ESL classroom. Assist instructors and help adult students improve their basic education or English language skills. Prior tutoring or teaching experience is helpful, but not required. For information, please email krector@northampton.edu.

NEW! REDUCTION-FIRED CERAMICS: CERTIFICATE AND WORKSHOPS

Certificate in Reduction-Fired Ceramics

Earn a certificate in reduction-fired ceramics! This certificate is ideal for individuals interested in high-fired ceramics with wood and gas fuels. Reduction firing offers dynamic glaze options at lower costs with fewer materials. In this series, an emphasis will be put on using local materials. Requirements: Must complete all 3 classes at the East 40 Ceramics Center and participate in each of the workshop critiques. Each firing will require no less than 25% participation in the firing process.

Wood Fired Ash Glaze

Learn the basics of wood firing through lectures, demonstrations, and hands-on creation of ceramic objects. The workshop focuses on creating and firing a cone ten reduction wood kiln. Participants will learn the entire process from start to finish. Learn how to create a ceramic object and treat the surface for the best ash glaze results. Wadding, kiln loading/unloading, and the workshop will culminate in a group critique of finished objects. Participants can attend the entire program or the firing workshop individually. Those interested in the firing workshop only must communicate with the instructor about their work.

No class 5/31. Work being bisque fired. Firing days are scheduled for June 2-4. Students are responsible to participate in 25% of the total time. Approximately 6 hours per day.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS

Meet the Instructor!

Andrew Storck pursued a career in fine arts after serving in the United States Air Force. Receiving his BFA at Penn State (2019) and his MFA from the Rhode Island School of Design in 2022, his passion for service and community lead him to creative methods, such as wood firing ceramics and metal casting. His teaching practice and pedagogy focuses on providing students with problem solving skills and techniques empowering them in and outside the classroom.

NEW! Natural Dyeing from the Ground Up

Learn the basics by hands-on dyeing with natural materials, some of which you will harvest from the ground during the workshop! Environmentally friendly practices will be used to unlock the magic of historic dyestuffs that have been used for thousands of years. Organic indigo, madder and other dyestuffs, plus silk, bamboo, wool, and mohair to use them on are provided.

CRAFTS

GLASS FUSING CLASSES – IMPORTANT INFORMATION

Learn the art of Glass Fusing (melting pieces of colored glass together) as you create a beautiful, one of a kind plate, bowl, platter, small tray or jewelry (mold shape of your choosing). Large selection of colored glass to choose from.

- Suggestion: Search internet sites like Pinterest for project design inspiration.
- Our very popular glass fusing classes fill up quickly so register early to avoid disappointment.
- All tools and materials are included.
- Wear closed toe shoes.

NOTE: All projects will be ready for pick up 2-3 weeks following the class to allow for firing time.

Glass Fusing: Suncatcher

Bring your own designs to create 3 4" square or round suncatchers to proudly hang in your window!

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(2)	05/01	-M-----	6:30-9PM	SBTH

Course CRAFT460 **Fee \$59**

Glass Fusing: Wall Hanging Butterfly Duo

Create a set of beautiful butterflies that you can hang in your garden oasis. One of these butterflies could be used in the Garden Mosaic Stepping Stone class to create a unique piece of art. This class is not for new students.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(2)	05/15	-M-----	6:30-9PM	SBTH

Course CRAFT423 **Fee \$59**

Glass Mosaics - Garden Stepping Stone

Create a garden stepping stone using glass mosaic pieces or use your fused butterfly from the previous class to integrate into the design and create a unique result. Design and layout will be discussed; pattern examples will be provided or come with your own idea.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(8)	06/05-06/12	-M-----	6:30-8:30PM	SBTH

Course CRAFT182 **Fee \$69**

Glass Fusing: Round Birdbath

Design your own fused glass birdbath or feeder for your garden. Bring your design for an approx. 12" round one of a kind garden artwork.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(2)	06/26	-M-----	6:30-9PM	SBTH

Course CRAFT429 **Fee \$59**

Glass Fusing: Spoon Rest and Spice Bowl

Students will pick from three different spoon rest shapes to create their designs on and make a matching spice bowl.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(2)	07/10	-M-----	6:30-9PM	SBTH

Course CRAFT436 **Fee \$59**

Glass Mosaics: Glass Coaster Set

Learn the art of mosaics while you create a one of a kind set of 4 glass coasters. All materials included. Design & layout first week, grouting second week. First class may run over-time, second class may run under-time.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(2)	07/24-07/31	-M-----	6:30-8:30PM	SBTH

Course CRAFT458 **Fee \$69**

Glass Fusing: Cheese Board

Create your own 5 x 10 cheese board by creating specific shapes to create patterns or if you prefer, you can create beautiful abstract designs.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(8)	08/14	-M-----	6:30-9PM	SBTH

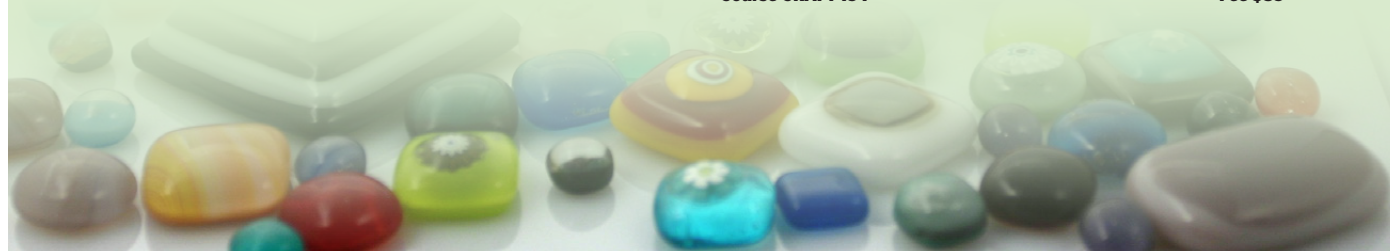

Course CRAFT116 **Fee \$59**

NEW! Glass Fusing: Jewelry- Cabochon Necklace

You are the designer! Create a beautiful, one of a kind necklace in your choice of colored glass.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(1)	08/28	-M-----	6:30-9PM	SBTH

Course CRAFT491 **Fee \$59**

Stained Glass: Butterfly Garden Stake

Welcome warm weather as you create a beautiful butterfly garden stake. Butterfly will measure approximately 5x4 inches and choose colors in class. All tools and materials are included.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(7)	05/09	--T---	6:30-9PM	MAIN

Course CRAFT312 **Fee \$51**

PHOTOGRAPHY

ADVANCED PHOTOGRAPHY-LOW LIGHT PHOTOGRAPHY CERTIFICATION

Enhance your photography skills by understanding low light photography. This certificate brings hands on practice in various conditions of low ambient light. Don't get caught in the dark when you can't use a flash.

Topics include:

- Understanding how low light affects exposure, shutter speed, color temperature, and more
- Preparing for a low-light shoot
- Shooting in dimly lit rooms
- Using the flash indoors
- Shooting in the shade
- Taking flash portraits at night
- Controlling flash color temperature
- Focusing in low light
- Light painting
- Manipulating long shutter speeds
- Correcting white balance
- Brightening shadows
- Sharpening and noise reduction

The 20 hour certificate consists of 5 courses and can be completed in one semester. Courses are open to students who have completed the Roving Photographer certificate or with permission from instructor. A DSLR or MILC camera is required for use in each class. Students need to have experience using their cameras and have a basic knowledge of manual exposure, manual control of shutter speed and aperture. See on line section notes for specific equipment that may be needed for individual classes.

Students needing the prerequisite may take individual classes if not seeking the full certificate.

- PHOTO401 Exposure Fundamentals-4 hours
- PHOTO402 Shade Photography-4 hours
- PHOTO403 Indoor No Flash Photography-4 hours
- PHOTO404 Golden Hour and Night Photography-6 hours
- PHOTO405 Lightroom Portfolio-2 hours

Exposure Fundamentals

Review the foundations of digital camera settings and manual mode, including exposure control, shutter speed, aperture, white balance and ISO. Understand flash controls and limits. Prepare for a low-light shoot.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(11)	06/05-06/07	-M-W---	6:30-8:30PM	MAIN

Course PHOTO401 **Fee \$59**

Shade Photography

This photo tour includes assessing lighting conditions, applying appropriate camera settings to successfully expose the image, and dealing with various camera settings such as focus, metering, and framing. Use sun disc and flash to highlight subjects and blur backgrounds.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(11)	06/12-06/14	-M-W---	6:30-8:30PM	MAIN

Course PHOTO402 **Fee \$59**

Indoor No Flash Photography

Resolve low-light situations both with and without your on-camera flash. Topics include using high ISO settings, making the most of ambient light, and what equipment will help get better shots. Photograph moving subjects in low light, improvise light sources, use your flash effectively, and more.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(11)	06/19-06/21	-M-W---	6:30-8:30PM	MAIN

Course PHOTO403 **Fee \$59**

Golden Hour & Night Photography

Focus on taking pictures against the sky, creating beautiful silhouettes. Use creativity to use your flashes during these quickly changing minutes. In darkness, use tripods and experiment with very long shutter speeds and painting with flashlights, sparklers and anything else that radiates light.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(9)	06/24	-----S	4-10PM	MAIN

Course PHOTO404 **Fee \$89**

Lightroom Portfolio

Bring your knowledge of Lightroom and your digital photos from past classes. Create a portfolio with your best work from the certificate classes and what you may shoot today!

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(12)	06/26	-M-----	6:30-8:30PM	MAIN

Course PHOTO405 **Fee \$29**

Cooking/Entertainment

NOTE: Adult classes are open to students 18 years of age and older unless otherwise noted as Teen Friendly.

KITCHEN REGULATIONS: Hair must be tied back with a head covering—hairnet, bandanna, or baseball cap. Hairnets/beard nets available in class. Required dress code: Closed toe non-skid shoes, long pants, shirts with sleeves, aprons (recommended), no loose, floppy clothing, or jewelry. No refunds issued from being excused from class due to a dress code violation. Glass not permitted in the kitchen. Bring plastic containers for leftovers to take home. Be sure to check your class location when registering, as it could be in held in FWLC 521 (kitchen) or FWLC507 (Beverage Training Center).

BOOK OUR FOWLER KITCHEN for your next meeting, social event, team building, or other customized cooking experience. Call today at 610.861.4553! (See page ** for more Team Building Event information).

HANDS-ON COOKING CLASSES

Date Night Chopped

A basket of mystery ingredients will test your culinary knowledge and skills as you compete against each other in tonight's event. Meet the Instructor!

Chef Quinones-Mullen began her culinary journey as a young girl, learning from her mother how to make traditional dishes from her native country of the Dominican Republic. Frances has perfected her craft for 40 years, developing a style of cooking focusing on fresh, savory flavors and an unforgettable Latin Fusion experience. Drawing inspiration from a variety of cultural influences, Frances makes her dishes truly unique.

COPS'n'KIDS READING ROOM

TECHNOLOGY/SOFTWARE/ELECTRONICS

Woodblock Printmaking

Learn how to create designs for wood block printmaking using the laser cutter! One of the oldest types of printing, wood block printing is great for custom invitations and fabric designs.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(9)	05/24	---W---	6-9PM	SBTH
(12)	09/11	-M-----	6-9PM	SBTH

Course FAB3D111 **Fee \$110**

3 Hour Laser Technology

Learn the basics of Corel Draw and how to set up and operate the Epilog & Trotec laser. Laser technology can be applied to: art, architecture, engineering, prototyping, inlay for the woodworker and guitar maker, leather worker and more!

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(55)	09/20	---W---	6-9PM	SBTH

Course FAB3D106 **Fee \$119**

3D Printing for the Artist

Learn how to utilize design software and 3D printers to create tangible objects, and then mold and cast those printed objects out of resin. Whether it is casting the object with bronze powder or glass-like resin, the possibilities are endless from your initial prototype.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(13)	06/07-06/14	---W---	6-9PM	SBTH

Course FAB3D307 **Fee \$259**

Build a 3D Printer

Build a 3D printer from a kit, which is provided. Building your printer helps you understand the inside workings of it, calibration, bed leveling, wiring issues, etc. Therefore, if you do run into issues, it is easier to diagnose because you built it! The instructor will also teach you how to upload .stl files and successfully run the machine!

(8)	09/26	--T---	6:30-9:30PM	SBTH

Course FAB3D304 **Fee \$109**

Intro to AutoCAD

Sketch parts or ideas easily with AutoCad. Whether you are building a deck, addition, woodworking project, or any item where you need accurate drawings, this course will get you there. Learn methods to be able to draw front, top, and side views, as well as, create accurate vector drawings.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(9)	06/12-06/26	-M-----	6-9PM	SBTH

Course FAB2D101 **Fee \$262**

Intro to Revit

Revit is the high end, 3D technology from Autodesk that integrates the design and drafting aspects of the building industry. It is used by architects, MEP (Mechanical, Electrical, Plumbing) engineers and structural engineers. Learn how to create plans, elevations, sections, door schedules and renderings.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(16)	09/18-10/09	-M-----	6-9PM	SBTH

Course FAB3D401 **Fee \$211**

Fusion 360 CAM Basics

CAM, or Computer Aided Manufacturing, is the creation of physical objects based on models built in 3D design software. This course builds on what you have learned in "Fusion 360 Design Basics" and explores procedures for setting up manufacturing models to create G-Code, the language used to drive CNC manufacturing equipment. Fusion 360's integrated CAD/CAM functionality allows you to move seamlessly between its design and manufacturing environments.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(2)	05/09-05/16	--T-R--	6:30-9:30PM	SBTH

Course FAB3D404 **Fee \$310**

Intro to Rhino

Learn how to create organic shapes and 3D modeling with Rhino 7. Rhino can create, edit, analyze, document, render, animate, and translate curves, surfaces and solids, subdivision geometry, point clouds, and polygons.

(11)	07/24-07/28	-MTWRF-	8:30AM-5:30PM	SBTH

Course FABGA402 **Fee \$2,999**

The Tenor Ukulele

The tenor ukulele is small enough to be built fairly quickly, but large enough that it mirrors the construction of a full size guitar. Students will be working with partially machined parts and materials, and learning the construction techniques that are common to the whole guitar family. No experience is necessary. Students should expect to spend some additional time during open lab hours to complete their instruments. Suitable for children ages 14+ with parental supervision.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(18)	06/27-07/18	--T-R--	6:30-9:30PM	SBTH

Course FABGA106 **Fee \$430**

Flat-Top Mandolin Build Basics

Build a Flat-top mandolin from mostly pre-machined parts. No previous experience is required, but it is a more challenging build, so expect to spend additional open lab time to finish the instrument.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(7)	05/01-05/24	-M-W---	6:30-9:30PM	SBTH

Course FABGA401 **Fee \$850**

Acoustic Guitar Building III

Build the Triple 000 or the OM model guitar, or if competency is proven, you may build the guitar of your choice. This is an advanced class. Acoustic II or proven proficiency is a prerequisite. All the parts are made by you from scratch. Acoustics, scale length, bracing patterns, binding layout, custom rosettes are a part of this class. Participating in Open Labs is a must. Basic materials are included but if custom or exotic materials are required you must buy those yourself.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS
(2)	06/26-07/31	-M-W---	6:30-9:30PM	SBTH

Course FABGA112 **Fee \$2,550**

Make Your Own Guitar Strap

Make a guitar strap at the Fab Lab! Create a lined, vegetable tanned leather guitar strap. Learn to strap out the leather, dye the leather and stitch it together. Discuss methods of decorating the strap, stitch the lining in place.

SEC	DATE(S)	DAY(S)	TIME(S)	CAMPUS

NORTHAMPTON
COMMUNITY COLLEGE

Imagine Life as a Leader

Looking to enhance leadership skills?

CBI's Leadership Lehigh Valley program empowers people who actively engage in their own learning and what to learn more about their region and how it operates in terms of Government, Education, Social Services, Culture, and more.

Our program is a unique learning lab for leadership. We commit to develop leadership capability while encouraging participants to apply leadership skills to benefit their communities through service. Leadership and networking opportunities will also benefit the sponsoring organizations.

Participants will:

- Learn the best practices of effective leaders in order to benefit their organization.
- Develop a deeper understanding of the problems, opportunities, and resources existing within their community.
- Identify a field of community involvement for which they can advocate, support, and/or serve.
- This in-demand ten month program begins every September.

To find out more now, visit www.northampton.edu/llv, email wstehly@northampton.edu or call 610-861-5590

Healthcare Education

CPR/FIRST AID

The American Heart Association strongly promotes knowledge and proficiency in BLS and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the American Heart Association, and any fees charged for such a course does not represent income to the Association.

Need training for your office or a group? Call 610-332-6585 or email healthcare@northampton.edu for more details about having us come to your site for CPR/First Aid Training. Also, we have manikins available for community groups for teaching classes. Nominal fee required.

PLEASE NOTE FOR ALL CLASSES BELOW:

CHILDCARE IS NOT PROVIDED DURING ANY CLASS TIME. PLEASE MAKE CHILDCARE ARRANGEMENTS PRIOR TO CLASS.

Class starts promptly at the published time. Please arrive 15 minutes before class. If you are more than 15 minutes late for class, you will not be allowed admission. Full day classes please bring a lunch.

Basic Life Support for Healthcare Providers

Designed to provide a wide variety of healthcare professionals the ability to recognize several life-threatening emergencies, provide CPR, use of an AED and relieve choking in Adult, Child and Infant, in a safe, timely and effective manner.

IPC CERTIFICATIONS

IPC-A-610: Acceptability of Electronic Assemblies Certification

Most widely used standard in the electronic industry (published by IPC); with an international reputation as the source for end product acceptance criteria for consumer and high reliability printed wiring assemblies. This industry developed/approved program includes training, certification, and instructional materials. Learn methods and techniques on how to use, navigate, locate, and apply the criteria in IPC610 standard to the appropriate product class of items in production. Students will be able to determine if assemblies in question meet form, fit and function requirements for the product class involved. Companies, for eligibility questions about WedNet funding contact Michele Salkin at msalkin@northampton.edu.

IPC/WHMA-A-620, Requirements and Acceptance for Cable and Wire Harness Assemblies Certification

The first industry consensus standard for cable and wire harness fabrication and installation. Published by IPC, with an international reputation as the source for end product acceptance, the IPC/WHMA620 defines Product classes as well as criteria for meeting target, acceptable, process indicator, and defect conditions. A comprehensive and technically accurate program, used for training Application Specialists at all levels, including buyers, sales teams and management. WEDNet funding eligible course.

Information Technology and Computer Training

IT EDUCATION

ONLINE START ANYTIME

Google Data Analytics Certificate Program

Designed to prepare learners for jobs in data analysis upon completion of the certificate, the program was developed by Google and covers the fundamentals of data analysis, including the collection, transformation, and organization of data in order to draw conclusions, make predictions, and drive informed decision making.

Course GITDA100

Fee \$1,850

Google Project Management Certificate Program

Developed by Google and designed to prepare learners for jobs in project management, the program covers the project management life cycle, managing schedules, budgets, and teams, understanding organizational structures, and how to effectively implement project management best practices.

Course GITPM100

Fee \$1,850

Google IT Support Professional Certificate

Fully developed by Google, this certificate program introduces learners to the fundamentals of IT support that are critical for success as an entry-level IT support specialist.

Troubleshooting, customer service, networking, operating systems, system administration and security are taught during this program.

Course GITSP100

Fee \$300

CompTIA Security +

This global certification validates the baseline skills needed to perform security functions and pursue an IT security career. It establishes the core knowledge required of any cybersecurity role and provides a springboard to intermediate-level cybersecurity jobs and an awareness of applicable laws and policies.

Course SECP1601

Fee \$595

CompTIA Network +

Organizations and IT professionals face new network challenges and complexities as they navigate through increased security concerns and hybrid working environments. Network+ teaches current skills related to network engineering and prepares professionals to work effectively to support and optimize today's network environments.

Course NETPL108

Fee \$495

CompTIA A+ Certification

Vendor-neutral certification is the preferred qualifying credential for technical support and IT operational roles. A+ demonstrates comprehension of hardware, software, operating systems, system troubleshooting, technology repair, networking, mobility, security and operational procedures. This online program will prepare you for the CompTIA A+ 220-1101 and 220-1102 certification exam.

Course COMAP220

Fee \$850

Google Digital Marketing & E-Commerce Certificate

This certificate program is industry-recognized and endorsed by the American Association of Advertising Agencies (4A's) and the American Advertising Federation (AAF). This hands-on, self-paced professional certificate program is designed and taught by experts at Google. It teaches learners how to use tools and platforms across 7 industry-leading partners (Canva, Constant Contact, Hootsuite, HubSpot, Mailchimp, Shopify, and Twitter), and Google Ads and Google Analytics. Like all of Google's certificates, the Google Digital Marketing & E-commerce Certificate is fully online with no prerequisites, and can be completed in three to six months of part-time study. Please disregard any "start" or "final enrollment" dates listed on the registration page.

Course GITME100

Fee \$300

CYBER SECURITY

NORTHAMPTON COMMUNITY COLLEGE PARTNERING WITH EC-COUNCIL

We have teamed up with the EC-Council to offer you these courses: Certified Network Defender, Certified Ethical Hacker, and Certified Cybersecurity Technician. For more information about our offered certificates and to register, reach out to us at CALinfo@northampton.edu. You will receive more information about the offered course modalities, pricing, and your EC-Council contact.

Certified Network Defender (CND)

This course is a skills-based, lab intensive comprehensive network security certification training program based on the security education framework and work role task analysis presented by the National Infocomm Competency Framework (NICF) as well as a job-task analysis and cybersecurity education framework by the National Initiative of Cybersecurity Education (NICE). The course has also been mapped to global job roles and to the Department of Defense (DoD) job roles for system/network administrators. The program prepares network administrators how to identify what parts of an organization need to be reviewed and tested for security vulnerabilities and how to reduce, prevent, and mitigate risks in the network. CND covers the protect, detect, respond and predict approach to network security.

Certified Ethical Hacker

This course provides an in-depth understanding of ethical hacking phases, various attack vectors, and preventative countermeasures. Learn how hackers think and act to be better positioned to set up your security infrastructure and defend against attacks. By providing an understanding of system vulnerabilities, the course teaches how to protect organizations and strengthen security controls in order to minimize the risk of a malicious attack. Built to incorporate a hands-on environment and systematic process across each ethical hacking domain and methodology, students have the opportunity to work toward proving the required knowledge and skills needed to achieve the CEH credential and perform the job of an ethical hacker.

Certified Cybersecurity Technician

This course will teach students to validate hands-technician-level IT and cybersecurity skills. It is based on an entry-level cybersecurity program engineered by the creators of the Certified Ethical Hacker program to address the global demand for cybersecurity technicians. Students will learn core security skills to pursue and develop their cybersecurity careers as cybersecurity specialists, consultants, network engineers, or IT administrators.

COMPUTER CLASSES

ONLINE CLASSES

Microsoft Excel Beginning

Designed for those looking to gain skills such as: how to perform calculations, how to modify and format a worksheet, print workbook contents, as well as manage larger workbooks. Class held online via Zoom, so internet access is required. Two 4-hour sessions. All materials included.

TEAM BUILDING

Let NCC help you reconnect with your colleagues through customized professional development activities for your business or organization. Our unique approach blends serious learning and fun to build communication, trust, morale, and a shared sense of purpose!

Choose from one or more of the following options:

FAB LAB

Dream, design, and create projects that foster collaborative teamwork with your colleagues in our 8,000 sq. ft. makerspace. The Fab Lab staff can organize team projects with wood, resins, 3D printers, and laser cutters based on your group's interests. Learn in a project-based environment and take the projects that you create home!

Contact: **Sean Brandle**,
Director, at
sbrandle@northampton.edu
or (610) 861-5085.

FOWLER KITCHEN

Create delicious meals with your family or colleagues where you will learn from professional chefs with themes such as an Italian dinner, wine and food pairing, or a friendly "Chopped"-style competition. Can't decide whether to create a project or cook in our kitchen? Do both and create a customized learning experience crafting a kitchen item and then enjoying cuisine with your team!

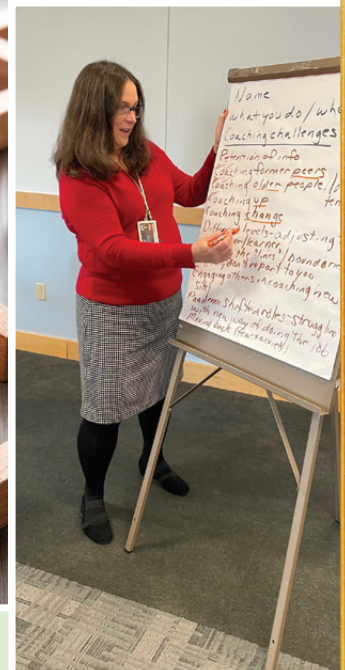

Contact: **Audree Chase**,
Associate Dean,
Community Education at:
achase@northampton.edu
or (610) 861-5507.

ESCAPE ROOM

Explore the diverse abilities of your team to generate answers to puzzles and beat challenges to escape our Smart Apartment. Promote a sense of satisfaction and connections with your colleagues by experiencing innovative ways your team can navigate difficult situations during challenging times.

Contact: **Beth Ritter-Guth**, Associate
Dean, Online Learning at: britten-
guth@northampton.edu or (610)
